The gameplay of the game reflects this unique narrative, as you explore the dynamic, interactive world of the pitch. Every aspect of the game has been engineered to deliver a feeling of power and control, and every decision you make in the game will have an impact on the outcome of the match. Every decision you make impacts the gameplay. New FIFA has a new feel to how you play, as you can't do the same things and expect the same results in the same way. No more 'tackles and runs.'
