Debenu PDF Aerialist 12 17 Jan 18, 2018. 12. For the access to this functionality, you need to have a free of charge version of Adobe Acrobat Pro 12.0 or better (which is the current version available at this moment). With this version, you will be able to do the following: - To open a PDF (or any other document) using the direct access to the file with all the previous editing options; - To export a file from the document to a compatible format (.pdf,.txt,.xls,.doc,.rtf,.html,.rtf,.csv,.xml,.sxc,.dxf,.uvi); - To be able to change page orders, page size, page margins, page orientation or any other page attributes before the actual export to another format; - To open a PDF in pdf-viewer mode and view it; - To save a PDF and change some attributes of the file before the export to other formats. This is the reason why we consider Acrobat Pro 12.0 or better a requirement (we have tested this version for this functionality).
